## BIO

Sparking from a mutual admiration of each other's practices – Tegan an abstract painter, Lottie a tattoo artist and illustrator, their combined works emerged as an antidote to lockdown boredom. Sharing a frame calls for a balance of boldness and care. Closely affiliated to improvisation and play, this is a theme that runs through the entire scope of their works. As evocative proposals spring from the strokes, Studio SPF's unique collaboration fosters an energetic practice that celebrates the spur of the moment.
